Confucius and His Values - Benevolence (仁)

"Being benevolent for Confucius was to treat others with love and respect."

Confucianism was founded based on the values, teachings and aspirations of Confucius. Over the years, it was further developed and propagated by scholars to become a philosophy widely adopted in today's society.

Benevolence

One day, Confucius' stables caught fire. Confucius first instinct was to ask after injuries. He did not check on his financial losses. Confucius exhibited how Confucianism **values** and **protects** lives. Confucius advocated that one should be discerning on who we love and respect. We should only **love** and **respect** those who do good and deserve our benevolence.

Confucius' Birthday

Confucius' Birthday (孔子诞) falls on 6 Oct 2018 (戊戌年农历八月廿七). Thian Hock Keng celebrates the birthday with cultural activities,

Don't miss out on the traditional Chinese Court Dance performances (六佾舞) at 9am, 11am, 1pm and 3pm to mark the celebration.
